PROTECT FTR & CASINO \$
REJECT ALL CHARTER CHANGES

The Tiverton Taxpayers Association urges voters to **reject all Town Council ballot questions (#4-11)** and to **vote for the TTA slate** this November 6. *You* elected the Charter Review Commission (CRC) to save the FTR and preserve your control over casino revenue, but for the first time ever, the Town Council **blocked** the CRC's proposals from going to voters. Instead, the council forced on the ballot hasty and poorly written changes that will severely restrict voters' rights for elector budget petitions (which stopped the massive pre-FTR tax levy increases) and give the council sole control over casino revenue. Only rejecting the council's power grab and electing the TTA slate will continue our progress on taxes and protect basic services.
